

## Payment Options

At Lekkerweb, we provide multiple convenient payment options for our customers to choose from. You can select the one that suits you best:

### 1. PayFast Subscription Option (Recommended)

We recommend opting for the automatic debit order via the PayFast subscription option. This will ensure timely payments for your services, without the need for manual intervention each month. You can securely set up your subscription directly through PayFast's platform.

Benefits of PayFast Subscription:

Automated, hassle-free payments.

Secure and reliable payment processing.

Flexibility to update payment details directly through PayFast.

Immediate access to services as soon as payment is confirmed.

PayFast Terms and Conditions apply.

### 2. Manual EFT Payments

Alternatively, if you prefer to make payments manually, you can do so via an Electronic Funds Transfer (EFT) to our business bank account. Please ensure that payments are made on time to avoid any disruption of services.
